

# **Minnesota State Tournament of Champions**

**1975 to 2009**

## **ACKNOWLEDGEMENT**

**In 1975 Chuck Johansen began the huge undertaking of compiling all of the records and statistics for the State Bass Federation. He began publishing a book which he last updated in 2000.**

**After the last update, Chuck felt that the process was becoming a bit too overwhelming to do on paper and that it should be continued with the aid of a computer. A few years back he turned over all of his records to me and I have diligently worked on updating and analyzing the work he began.**

**I have now submitted this record for the use and enjoyment of all members of the Minnesota B.A.S.S. Federation Nation. I hope you enjoy reading it as much as I have enjoyed compiling it. The goal will be to update the document after every State Tournament. If there is some record or statistic that you would like to see, let me know. If it's doable we will add it.**

**I need to thank, first of all, Chuck Johansen for all of the work he has put into this project. I also wish to thank the Board of Directors for all of the time they invest to make the State Tournament possible, with a special thank you to Peter Perovich and Mark Gomez who I have worked with now for several years during the Tournament of Champions.**

**When you compile something like this you know it cannot be error free, so I am sure some of you may notice mis-spellings, errors and omissions. If you do, please feel free to let me know so that I may set the record straight. I can be reached at [ludenia@brainerd.net](mailto:ludenia@brainerd.net).**

## Criteria

The criteria for the placement of the "Top 25" Anglers for all time and each decade is as follows:

You must have qualified (top12) at least once  
You must have fished at least six tournaments (3 for 1970's)

Anglers are ranked first by number of qualifications, then by cumulative points on a scale of 1<sup>st</sup> place is 12 points and 12<sup>th</sup> place is 1 point, then by average finish of best six tournaments and finally by total weight.

If additional tie breakers are needed ties are broken on the basis of additional 13-20 finishes and finally by the next best finish over #20.

Additional Notes:

Statistics for 1978, 1979, and 1980 are incomplete.

Winning teams and weights were not available for 1980 and 2003
