Ramada has become a new national sponsor. They are offering a new discount to federation members. You can log onto ramada.comwackbass and negotiate a deal. This must be done at least 24hrs prior to your stay. You also can present your BASS member card to receive an immediate 10% savings. July 9<sup>th</sup> all youth TOC rosters are due. Joe would like to extend a big thank you to all of the donors to the youth program.

### **Tournament Director's Report – Peter Perovich**

**TOC update** - Classic 7 is trying to put together a buffet. They will have more information later. We will be looking for a headcount by the 3<sup>rd</sup> week of Aug. They will need a minimum of 100 buffets purchased. Horseshoe Bay will be waiving launch fees for TOC anglers. All clubs sending 3 or more members must provide an alternate to work. **Rice** – Peter is anticipating no harvesting during our tournament dates. This could change. There will be no disturbance of rice beds during practice or tournament fishing. Milfoil is present is Leech in small quantities. Peter is considering more than one launch site if weather dictates. We will mass-email rules at a later date. TOC packets must be in by Aug 17<sup>th</sup>. There will be no acceptances. Leech Lake will be off-limits starting Sept 1<sup>st</sup>. The TOC survey Peter distributed had great results. He was satisfied with the input and will be making changes for the 2007 TOC. Peter would like to form a “rules committee” for future TOC events. Peter proposed adding a new tournament. This tourney would be held during the summer and would be in addition to the TOC event. An interest vote was taken at the meeting and the membership was almost unanimous in favor of adding this event. Peter will follow up with more information this fall. Contact Peter with any input you might have for this idea.

### **Conservation Director's Report – Mickey Goetting**

Mickey gave an overview of the DNR Creel Survey Program. The DNR will be launching a new LMBV study somewhere north of Brainerd in July or Aug. Mickey also discussed the VHS virus spreading through the Great Lakes and the possible impact on MN. He discussed early catch and release options and spawning issues at the Bass Workshop. The new tournament fee legislation looks as though it will make it through. They are proposing a \$120 fee for 49 or less boats and a \$400 fee for 50 or more boats at tournaments that have an on-site weigh-in. They are proposing higher fee's for offsite weigh-ins. The fees will be somewhere close to \$1000 for 49 boats or less and \$5000 for tournaments with more than 50 boats. Ice-fishing contests will be a flat rate of \$120 regardless of size. Paul will be drafting a letter to the Governor on this issue. Mickey would like to put together a petition to redo this legislation. He will be adding a link to you government contacts to the mnbf.org website. Please take this opportunity to let your legislators know what you think.

## **Old Business**

Rich Lindgren has finished most of the sponsorship deals. Plano, Fig Rig and Battery Wholesale are sponsors again this year. He is working hard to take sponsorships down new avenues also. PDQ is offering a \$.05 discount when you show your BASS card. Fig Rig order forms are available on the mnbf.org website. Discounts for Lowrance are still the same. Contact Rich for pricing. Any L.E.I. product is available also.

Steve Hurlburt gave an in-depth report on the sportshow. We have 2 new clubs forming and had 9 membership inquiries. The giveaway items stopped people and sparked conversation. He added that we still need to develop a new "Draw": video, money tournament, better show location, attending other shows, etc.

Clubs that would like to represent Minnesota at the 1<sup>st</sup> Bass Club World Championship in South Dakota need to express their interest in this to the board asap. We have openings available.
